Sparkling sensation

inspired by
traditional wall
caddlings

HEM is the premium ceramic brand par excellence, with products conspicuous for their elegance and sophistication, based on cutting-edge technology and modern design. A brand with a forward looking philosophy and strong emphasis on innovation and design.

We build on our experience as manufacturers and keen interest in progress, redefining ourselves to keep up with the times. With products more versatile than ever before thanks to our new formats, finishes and textures, we aspire to create exquisitely desirable products truly distinctive from all the rest.

Craft Fineness Precission

During the design process, we were particularly careful in reproducing the handicraft effects through the latest technologies of ceramic manufacturing. Our goal is to keep the unique beauty of the craft imperfection while adding all the technical guarantees of a meticulously engineered process.

ITALIAN COLLECTION

Symbols and geometric shapes are an important part in the decoration process

HEM suggests a set of retro allusion based on worn-out morocco designs full of geometric shapes and symbology able to fulfil any decorative styles.

The ceramic era inspired the idea of the glossy collection, which combines visual complexity the quality of the "aged" ornamental and the linear severity of the geometric de-cows. Soft beige and gray tones, a panel with a multi-layered floral pattern design and watercolor stripes of decorative elements everything is created to to create a calm yet brightly individual interior with interesting ac-cent parts.
